WATER TIGHTNESS TESTING COMPLETION CERTIFICATION

Onsite System Location:

County: _____ Municipality: _____ Block: _____ Lot: _____

Street Address: _____

Property owner: _____

I certify that the Tank installed on the block and lot identified above has passed the Watertightness Test as required by the "Standards for Individual Subsurface Disposal Systems" at N.J.A.C. 7:9A-8.2(m). The tank was tested after all manway risers were installed in a manner that included the highest joint in the risers after the tank was set at its final location within the system excavation.
