Health Department Reporting:

Note if any of the following conditions were observed during the inspection:

- 1. Ponding or breakout of sewage or effluent onto the surface of the ground
- 2. Seepage of sewage or effluent into portions of buildings below ground
- 3. Backup of sewage into the building served which is not caused by a physical blockage of the internal plumbing
- 4. Any manner of leakage observed from or into septic tanks, connecting pipes, distribution boxes and other components that are not designed to emit sewage or effluent

Pursuant to N.J.A.C. 7:9A-3.4 notification of any observation that is consistent with a condition noted above must be reported to the local administrative authority within 24 hours of the observation. Regardless of observations made, a copy of this report must be provided to the local administrative authority within 10 days of the issuance of this report.

If encountered, describe all observed noncompliant conditions encountered during this inspection:

Disclaimer:

Based on today's observations and the information provided by the owner(s) or their agent, "The Company" submits this sub-surface sewage disposal system inspection form. The inspection is based on the current condition of the onsite sewage disposal system. "The Company" makes no representation that the system was designed, installed or meets N.J.A.C. 7:9A-1.1 et seq.. "The Company" has not been retained to warrant, guarantee, or certify the proper functioning of the system for any period of time. Because of numerous factors (usage, soil type, installation, maintenance, etc.) which affect the proper operation of a sub-surface disposal system, as well as the inability of "The Company" to supervise or monitor the use and maintenance of the system, this form shall not be construed as a warranty by "The Company" that the system will function properly for any prospective buyer. "The Company" disclaims any warranty, either expressed or implied, arising from the inspection of the septic system.

This form was developed as a cooperative effort of:
